Education

ANNAI MATHAMMAL SHEELA ENGINEERING COLLEGE
Bachelor of Engineering | Computer Science & Engineering

May 2025 CGPA : 7.50

GOVT ADW HR SEC SCHOOL
Computer-Science

April 2021 Percentage :75 %

Experience (Intern)

GALWIN-TECHNOLOGY
Web Development Intern | Trichy

July 2024 - August 2024

- Designed and developed responsive static and dynamic web pages using HTML5, CSS3, and JavaScript.
- Collaborated with the development team to build and maintain user-friendly websites, ensuring cross-browser compatibility and performance optimization.
- Gained hands-on experience in front-end frameworks and debugging tools to improve website functionality.
- Worked with tools like Visual Studio Code and XAMPP to deploy and test web projects locally.
- Improved page loading times by optimizing images, code structure, and minimizing unnecessary scripts.

Projects

Netflix-clone Project | [\[Link\]](#)
REACT | NODE.JS | MONGODB | JWT

January 2025

- Developed a full-stack Netflix Clone using React.js for the frontend and Express.js/Node.js for the backend, implementing a responsive and modern UI.
- Integrated secure JWT authentication and token-based user authorization with protected routes for user access management.
- Built RESTful APIs to fetch and manage movie data, using MongoDB for database storage and Axios for API requests.
- Implemented features like user login/registration, movie streaming previews, dynamic content rendering, and personalized movie lists.

Admin Panel Project | [\[Link\]](#)
HTML | CSS | JS | REACT

October 2024

- Designed and developed a responsive Admin Panel interface using React.js, HTML5, CSS3, and JavaScript, enabling efficient data visualization and management.
- Built modular, reusable components such as data tables, charts, forms, and navigation menus using React's component architecture.
- Implemented responsive design principles for seamless usability across desktop and mobile devices using CSS Flexbox/Grid and media queries.

Technical Skills

Languages : C++ , Python , java , HTML/CSS, JavaScript, SQL

Developer Tools : VS Code, Postman,

Technologies/ Framework : React, GitHub, Node, Express js, Tailwind CSS, Bootstrab, MongoDB

Practice Platform : Geeks For Geeks | CodeChef | LeetCode

Relevant Coursework | Basics

- Data Structures And Algorithms
- Artificial Intelligence
- DataBase Management System
- Object Oriented Programming

Interests

Technical : Web Development | Software Development | Fullstack Development | React Developer

Non-Technical : Content Creation | Editing | Networking
